

Leadership in Education Masters

The programme delivers a research-based MA in Education with an intensive taught course on the key elements of leading a school.

Features:

- ✓ Develop and hone your leadership and management skills
- ✓ Research aspects of leadership deeply and deliver practical outcomes
- ✓ Access leading-edge taught modules from exceptional education leaders
- ✓ Balance the technical and strategic aspects of Leadership
- ✓ Engage with different strands of leadership to drive your research including working with former senior leaders across a wide range of contexts

Modules

Research Methodologies and Masters Writing

Delivered by our academic team, this introduction to research and writing will ensure you can deliver on the research elements of the programme.

Learning to Lead

Delivering the essential management and leadership skills required to fulfil the challenging but rewarding role of leading people and teams.

Operational Management

Building understanding of governance and legal requirements in relation to leading a school including strategic finance, strategic workforce planning and talent management.

Strategic Leadership

Developing your understanding of how strategy is used to shape the vision, culture and values of schools'.

Innovation and Change

Supporting your understanding of innovation and change, and specifically how to drive change and new ways of working across school.

"The Leadership in Education Masters provides exceptional research skills alongside an intense programme of leadership education to accelerate your development and career."

Diana Osagie, The Academy of Women's Leadership, Tutor on the Leadership in Education Masters
